### The Election.

(Continued from page four.)

Reports from over the state indicate that the attack on Howell by the Omaha gangsters and the Omaha Bee swung the nomination to Howell and took a victory out of Kemp's reach.

In the congressional fights, Maguire, in the First; Lobeck, in the Second; Stephens, in the Third; Shallenberger, in the Fifth, and Taylor, in the Sixth are leading for the democratic nominations. On the republican ticket, Reaves is leading in the First, and Blackburn and Howard are now even in the Second. There were no contests in the other districts. The returns are coming in slowly, being delayed by severe electric storms in many parts of the state.

### The Twenty Year Test.

"Some twenty years ago I used Chamberlain's Colic Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers. 8-4.

### Weekly Market Report.

Cattle are coming in very liberal supplies this week, with the result that beef steers are 15c to 25c lower. A decline in cows and butcher stock will also probably be covered by this strong active demand for stockers and feeders, with values ruling fully steady to strong. The market is holding up as well as could be expected under conditions, and we would advise shipment of cattle that are ready for market.

We quote: Good to choice cornfed beefs \$9.25 to \$10.10, common kinds down to \$7.75. Good to choice cows and heifers \$6.20 to \$7.60, fair to good \$5.25 to \$6.20, canners and cutters \$3.50 to \$5.20. Veal calves \$7.00 to \$10.50. Bulls, stags, etc., \$5.00 to \$7.00. Good to choice feeders \$7.75 to \$8.30, common grades down to \$6.25. Stock cows and heifers \$5.25 to \$7.30. Stock calves \$6.50 to \$8.50. Good to choice range beef \$8.00 to \$9.00, common grades down to \$6.75.

Monday brought a sharp decline in the hog market, and the weakness continued Tuesday. Receipts are again becoming more liberal.

Bulk \$8.60 to \$8.75, top \$8.90. The sheep run is very liberal, with about one-third of the receipts running to feeders. Killers may be quoted 20c to 25c lower, with feeders strong to easier.

Can we do anything for you? Do you expect to ship soon?

Yours very truly,  
Standard Live Stock Com. Co.

### O'Neill Again Trims Atkinson.

O'Neill and Atkinson put up a splendid game upon the local diamond last Sunday afternoon which was won by the locals in the tenth inning with a score of 3 to 2, the winning runs being made in the tenth inning.

Kirkland was on the mound for Atkinson and pitched a good game, in fact the best he has twirled in this city for several years. He had the speed and his curves were breaking nicely and when hits were needed to score the opposition he was as stingy with them as a railroad president is with passes. He allowed six hits during the game, no two of which came in the same inning until the tenth when the game was won by O'Neill. In addition to holding the locals to six hits he fanned nine.

Lintt was on the mound for O'Neill and held the Atkinson boys to five hits and fanned fourteen men during the engagement. Kirkland, the hardest and surest batter on the Atkinson

team, going out by the strikeout route twice. Every man on the team was a victim to his curves.

O'Neill scored one in the second inning on a walk, an error an infield out and a sacrifice fly. Thereafter, although they got men on bases in every inning except two, they were unable to score as Kirkland tightened up and the needed hit was not forthcoming. In the tenth inning Boyle first up secured a single; Miller then connected with one of Kirkland's out drops for three sacks, scoring Boyle. Ryan then bunted and the play was too late to the plate to catch Miller who scored the winning run and the game was over without a man being down in the last half of the tenth.

In the second it looked as if Atkinson would score, but tight pitching prevented it. In this inning Webber, first up secured a three base crack into center; the next up went out on a foul to Alberts and the next two struck out and the danger was past. They never had a chance to score after that until the ninth inning and they were allowed to score in that inning through bad headwork, Kirkland opened this inning with a single and Webber secured his second hit of the game and a bad throw enabled Kirkland to take third. Alberts then threw to second to tempt Kirkland to try to score and the throw was slow and Kirkland scored before the ball could be returned. The next three men then fanned. Atkinson secured their next run in the tenth inning. Anderson drew a hit; the next up fanned but August Tros. drew a hit and Anderson scored on Blake's long fly to center; Kirkland was an easy out Miller to first and the first half of the tenth ended with Atkinson a run to the good. Score by innings:

O'Neill. . . . . 1 0 0 0 0 0 0 2—3  
Atkinson. . . . . 0 0 0 0 0 0 0 1—2  
Hits: O'Neill 6; Atkinson 5. Errors: O'Neill 5; Atkinson 5. Struck out: Lintt 14; Kirkland 9. Batteries: O'Neill Lintt and Alberts; Atkinson Kirkland and Anderson.

### George Purnell Shot.

George Purnell, for many years a resident of Emmet township, was shot and fatally wounded by Jack Hoff, alias Jack Hatfield, in the home of Mr. and Mrs. T. F. Marren in Atkinson about 9 o'clock last night.

From what we learn the two men were in the home of Mr. and Mrs. Marren and Huff accused Purnell of taking a bottle of liquor from him and became very abusive and after cursing Purnell a while shot him. The shooting was done with a 32 calibre revolver the ball entering the right side and penetrating the right lung and liver and lodging in the back. After the shooting Huff said that he would go for a doctor and left the house and immediately made himself scarce.

Sheriff Grady was notified and went to Atkinson on the 10:30 train and organized a searching party and the man hunt was kept up all night. Huff had been working for Henry Hookstraw at Tonawanda all summer and the sheriff went out there thinking possibly that he had gone there after the shooting, but he failed to show up in that vicinity. The sheriff then returned to Atkinson and started west in an auto. When he reached Stuart he learned that Huff had been captured three miles east of Newport by Lee McClurg, Pat Murphy, Elmer Hansen and Joe Hytrek, of Stuart, and Henry Stansburg, nightwatchman at Atkinson. When he was approached by the posse he offered no resistance. He was turned over to Sheriff Grady and brought to O'Neill this afternoon and is now confined in the county jail.

# For War News Read THE OMAHA BEE

**Exclusive New York World  
Cable War News Service**

**Full Associated Press Cable Service**

**For the first news read THE BEE. Always reliable.**

Huff, or Hatfield, is about thirty years of age and has lived in the vicinity of Atkinson at various periods for the past five years. He is married but has not been living with his wife.

Purnell has been a resident of the county for several years and is the father of a large family. We understand that the physicians do not hold out much hope for his recovery.

### EUROPEAN WAR NEWS.

Keeping in Touch with the Great War.

What is the latest? That is the question now being asked on all sides. Everybody is anxiously awaiting every bit of news regarding the great death struggle now going on in Europe. Getting news from the front regarding the movements of the great armies is a hard task as the officials of the different nations are very strict in their censorship and allow nothing to go over the wires that they do not approve.

The Sioux City Daily News is keeping its readers in close touch with events as they happen. The News receives its telegraph service from the United Press association, one of the greatest news gathering organizations in the world. Its correspondents are at every important town in the war zone. As an example of their untiring efforts to secure news, the Berlin correspondent was arrested and charged with being a spy and was released only after the American ambassador took up the matter. This telegraph service is supplemented by the service of the Newspaper Enterprise association, whose staff of special feature writers and artists is one of the best in the world.

The Sioux City Daily News is a live up-to-date newspaper in every respect. It will be sent to your home 312 days in the year for only \$2. You cannot afford to be without it at this momentous crisis in the world's history. Send your order to the editor of The

Frontier or direct to the Sioux City Daily News, Sioux City, Iowa.

### How to Cure a Sprain.

A sprain may be cured in about one-third the time required by the usual treatment by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers. 8-4.

### Uncle Sam's Antecedents.

A reader asks how the name Uncle Sam came to be adopted for the imaginary genius who directs the destinies of this nation. The answer is very simple. "Uncle Sam" is merely a popular expansion of the letters "U. S." Albert Matthews once wrote a forty-five page monograph to prove this, and he showed that the expression went back to the year 1813. James Fenimore Cooper in "The Prairie" in 1827 spoke of "the well known initials that have . . . gained for the government of the United States the good humored and quaint appellation of Uncle Sam."—New York Post.

### The Use of English.

Of the 90,000 English words available for conversation purposes only 400 are said to be in common use. If these were carefully selected there would be little cause for complaint, since the combinations they make possible should provide innumerable shades of variation. Careful word selection is something that should be encouraged in and out of the schools.—Christian Science Monitor.

### Strict Economy.

"Nothing is lost here but the squeal," declared the pork packer. "Are you as economical in conducting your business?" "More so," answered the visitor, "I'm in the lumber business. We don't waste even the bark."—Philadelphia Ledger.

### Not Like Real Life.

"I like novels." "Why?" "Although the plot may thicken, the heroine always remains beautifully thin."—Washington Herald.
